

ICON FUNDS
QUALIFIED DIVIDEND INCOME PERCENTAGE
CALENDAR YEAR 2018

As a result of the Jobs and Growth Tax Relief Reconciliation Act of 2003 a portion of the total ordinary dividends (box 1a on Form 1099-DIV) paid by your fund during 2018 may be designated as qualified dividends (box 1b on Form 1099-DIV). Qualified dividends are dividends received by your fund (and paid to shareholders) from domestic corporations or qualified foreign corporations that the fund has also met the required holding period (the fund must hold the security for greater than 60 days during the 121 day period beginning 60 days before the ex-dividend date). The qualified dividends are subject to a maximum tax rate of 20% (0% for taxpayers in the 10% or 15% bracket). In order for the individual to report the amount of qualified dividends in box 1b as qualified dividend income the shareholder must also satisfy the holding period requirement mentioned above with respect to his/her mutual fund shares. If the holding period requirement is not satisfied, the qualified dividends will be taxed as ordinary dividend income.

The table below provides the percentages of calendar year 2018 ordinary income dividends that may be designated as qualified dividend income. To determine the amount of qualified dividend income, multiply the amount reported in box 1a of Form 1099-DIV by the percentage below.
